---

NYControlled 2024 invites Exhibitors to sponsor presentations and submit presentation topics for our October 29th event.

The Event will offer seven presentations that run from 10:30 AM to 5:30 PM, one presentation at a time with no overlaps. Each presentation is allotted up to 50 minutes, including questions, to allow for audiences to move in and out of the presentation space.

Proposals will be selected by the NYControlled Committee based on the following criteria:

- Content is of substantial interest to the NYControlled audience.
- Information and approach represent a fresh take on the topic.
- The seven sessions, together, provide a diverse and broad coverage of lighting controls issues.

In proposing presentations, Exhibitors may offer a non-proprietary CEU session or a non-CEU session discussing proprietary products (or other information). The topics below *suggest* the issues that NYControlled believes are of interest but should NOT limit your proposal in any way.

Exhibitors are encouraged to use the best presenter for the topic, who may be an employee, an unaffiliated professional, or a combination. Panel presentations are acceptable.

Each presentation, regardless of format, requires a \$2000 exhibitor sponsorship (in addition to the cost of exhibiting). Co-sponsorship will be considered on a case-by-case basis. Sponsor's name and logo will be featured in NYControlled marketing materials and presentation slides (subject to CEU rules).

CEU certification and reporting are the responsibility of the Exhibitor/Sponsor. NYControlled will provide contact information for registrants to the presentation.
